Diesel fuel treatments

Today’s diesel cars have very sophisticated fuel systems, such as common rail and pump injectors, to reach optimal performance and for economical fuel consumption. These highly tuned fuel systems are more susceptible to the fouling of the fuel system. This will lead to more diesel knocking, higher soot emissions, insufficient lubrication and lack of power. Older vehicles experience problems due to accumulation of deposits in the fuel system and wear on the components. All Wynn’s diesel treatments are developed for the latest technology engines and are safe for use with High Pressure and all older styles of diesel engine. Wynn’s diesel treatments are safe for use with turbo charged engines, diesel particulate filters, catalytic convertors and EGR valves.

Formula Gold Diesel System Treatment

- Immediately improves combustion, which will enhance engine performance and improve acceleration.
 - Added cerium technology reduces soot build-up.
 - Cleans Diesel Particulate Filter.
 - Reduces fuel consumption.
 - Reduces black smoke and lowers exhaust emissions.
 - Protects against oxidation and corrosion.
 - Lubricates pumps and injectors and compensates for the reduced lubrication of low sulphur diesel.
- 500 ml**
Part number: 76401
Barcode: 5411693764011

Diesel Injector Protector

- Specially developed for the latest generation of high pressure diesel engines. Suitable for all diesel engines.
 - Prevents fuel oxidation and excessive wear and fouling.
 - Removes carbon deposits in the fuel pump, the common rail and the injectors.
 - Restores original spray pattern resulting in better combustion.
 - Reduces black smoke.
 - Prevents the formation of deposits.
 - Lubricates pumps and injectors and compensates for the reduced lubrication of low sulphur diesel.
- 325 ml**
Part number: 13964
Barcode: 5411693139642

Injector Cleaner Diesel Engines

- Cleans injectors and restores injector spray pattern.
 - Cleans and protects entire fuel system.
 - Lubricates pumps and injectors and compensates for the reduced lubrication of low sulphur diesel.
 - Improves combustion and reduces soot particulates.
 - Prevents fouling of the fuel filter.
 - Reduces diesel knock.
- 325 ml**
Part number: 51668
Barcode: 5411693516689

Diesel Particulate Filter Cleaner

Ultra fast

- Cures and clears blocked soot filters.
- Complete burn-off of soot particles during driving.
- Avoids frequent maintenance costs due to clogged soot filter.
- Optimizes combustion and lowers fuel consumption.
- Especially suited for city driving cycles.

325 ml

Part number: 28272
Barcode: 5411693282720

Petrol fuel treatments

Both modern cars and older vehicles have specific requirements that have a chemical solution to provide the optimal engine performance and driving comfort. Older vehicles experience problems to obtain the correct air/fuel ratio and combustion efficiency due to accumulation of deposits in the fuel system and wear on the components. Modern fuel systems are highly tuned and therefore more susceptible to the negative effects of chemical reactions in the fuel. This leads to higher CO and HC emissions, pinking, bad acceleration and higher fuel consumption. All Wynn's Petrol treatments are safe for use with turbo charged engines, catalytic convertors and are suitable for use with all petrol engines.

Clean Burn Diesel Engines

- Improves combustion.
- Reduces black smoke.
- Increases performance.
- Improves fuel economy.
- Cleans injectors and combustion chamber.
- Lubricates pumps and injectors and compensates for the reduced lubrication of low sulphur diesel.
- Especially recommended before MOT.

325 ml

Part number: 67969
Barcode: 5411693679698

Formula Gold Petrol System Treatment

- Immediately improves combustion, which will enhance engine performance and reduce engine noise.
- Reduces petrol consumption.
- Reduces CO and HC emissions.
- Eliminates jerking and pinking.
- Can be used with leaded, unleaded and LRP fuels.

500 ml

Part number: 70701
Barcode: 5411693707018

Supremium® Diesel

Upgrade your fuel to premium quality

- Fill up with the lowest price regular fuel. Add Supremium. Save money at the filling station, while driving with the highest quality fuel in your car.
- Reduces fuel consumption, engine noise and emissions.
- Increases the fuel's cetane rating.
- Cleans fuel system.
- Extra lubricity to protect the fuel pump against wear.
- Protects fuel supply system against corrosion.

250 ml

Part number: 22911
Barcode: 5411693229114

Injector Cleaner for Petrol Engines

- Cleans injectors, inlet valves and fuel system.
- Restores injector spray pattern.
- Lubricates valves, fuel pumps, injectors and upper cylinder.
- Increases performance.
- Improves M.P.G.
- Prolongs the life of injection system.
- Can be used with leaded, unleaded and LRP fuels.

325 ml

Part number: 55964
Barcode: 5411693559648

Ice Proof For Diesel

- Ice Proof for Diesel has been developed to improve fuel fluidity at low temperatures and prevent the settling of wax crystals.
- Can depress Cold Filter Plugging Point (CFPP) up to -26°C. For further information see technical data sheet.
- Prevents settling of wax crystals in the tank.
- Slows down the formation of wax crystals.
- Suitable for all regular diesel fuels and bio diesel up to B30.
- One bottle treats 250 litres of diesel.

250 ml

Part number: 22710
Barcode: 5411693227103

Clean Burn Petrol Engines

- Improves combustion and performance.
- Reduces exhaust emissions.
- Eliminates 'rotten egg' smells from catalytic converters.
- Improves fuel economy.
- Can be used with leaded, unleaded and LRP fuels.
- Especially recommended before MOT.

325 ml

Part number: 67264
Barcode: 5411693672644

Petrol Treatment

- Cleans the entire fuel system.
- Lubricates valves and upper cylinder area.
- Removes varnish from carburettors.
- Reduces fuel consumption.
- Reduces emissions.
- Reduces pinking.
- Can be used with leaded, unleaded and LRP fuels.
- Used regularly, it will help maintain optimum performance and fuel economy.

325 ml
Part number: 65261
Barcode: 5411693652615

Petrol & diesel fuel treatments

Sometimes your fuel system needs a specialist treatment to solve a problem. Wynn's specialist chemical treatments offer you the solution.

Octane Booster

& Valve Seat Protector

- Increases octane rating using MMT technology.
- Protects against valve seat recession by forming a protective layer on the valve seats.
- Reduces pinking.
- Reduces fuel consumption.
- Can be used with leaded, unleaded and LRP fuels.

325 ml
Part number: 43873
Barcode: 5411693438738

Injector Cleaner

For petrol & diesel engines

- Cleans injectors, inlet valves and fuel system.
- Restores injector spray pattern.
- Lubricates valves, fuel pumps, injectors and upper cylinder.
- Increases performance.
- Prolongs the life of injection system.
- Can be used with diesel, leaded, unleaded and LRP fuels.

325 ml
Part number: 55961
Barcode: 5411693559617

Lead Substitute

With built in fuel stabilizer

- Dual action treatment: 1) Protects the valve seats and reduces wear when using unleaded fuel. 2) Preserves fuel when stored or not used for long periods of time.
- Forms a lead free protective coating on the valve seats, reducing valve seat recession.
- Prevents degradation and oxidation of the fuel during non-use.
- Prevents deposit formation in the tank, filter and carburettor.
- Suitable for all two- and four-stroke petrol engines, with or without catalytic convertor or turbo charger.
- Recommended for cars, motorcycles, LPG engines, yachts, outboard engines, generators, pumps, lawnmowers etc.

250 ml
Part number: 70612
Barcode: 5411693706127

Dry Fuel

For petrol & diesel engines

- All fuel tanks contain some water or condensation, which can cause starting and running problems.
- Absorbs water from the fuel tank.
- Guards against rust and corrosion.
- Improves cold starting.
- Prevents carburettor and fuel filter icing.
- Restores lost power.

325 ml
Part number: 71867
Barcode: 5411693718670

Supremium® Petrol

Upgrade your fuel to premium quality

- Fill up with the lowest price regular fuel. Add Supremium. Save money at the filling station, while driving with the highest quality fuel in your car.
- Reduces fuel consumption, engine noise and emissions.
- Enhances power and acceleration.
- Stops build-up of deposits on valves.
- Protects against corrosion.

250 ml
Part number: 22811
Barcode: 5411693228117

Fuel Biocide

For petrol & diesel engines

- Destroys and prevents bacteria, algae and fungi in the fuel tank.
- Prevents microbial re-growth.
- Prevents filter plugging by micro-organisms.
- Does not affect fuel quality.

250 ml
Part number: 10601
Barcode: 5411693106019

Fuel Stabilizer

For petrol & diesel engines

- Preserves the fuel when the engine is out of use for a long time or when the fuel remains in the tank for a long period.
- Protects the fuel against oxidation.
- Prevents deposit formation in the tank and filter caused by oxidation.
- Eases starting of the engine after a period of extended shutdown.

325ml

Part number: 47355
Barcode: 5411693473555

Engine Flush for Diesels

- Stops contamination of new engine oil.
- Cleans engine internally.
- Removes harmful deposits.
- Quietens noisy hydraulic lifters.
- Extends the life of the engine and turbocharger.
- Frees sticking internal engine components.

425 ml

Part number: 47246
Barcode: 5411693472466

Oil treatments

City traffic, traffic jams and short drives lead to higher stress on today's vehicles engine lubrication. In combination with long oil change intervals, this can lead to a premature degradation of the oil properties and loss of functionality of the engine components in the oil system.

Super Charge® Oil Treatment

- Specifically formulated for high mileage vehicles, and those running under stress or with full loads.
- Maintains oil pressure at high temperatures.
- Improves compression and performance.
- Reduces oil consumption and exhaust smoke.
- Reduces friction and wear.
- Prolongs engine life.
- Reduces engine noise.

300 ml

Part number: 51335
Barcode: 5411693513350

425 ml

Part number: 51364
Barcode: 5411693513640

Formula Gold Engine Treatment

- Helps extend engine life by reducing oxidation, friction and wear.
- Improves compression and the viscosity index of the oil.
- Prevents premature thickening of new oil.
- Reduces the build up of sludge and deposits to keep the oil system clean.
- Reduces oil consumption and emissions.

500 ml

Part number: 77101
Barcode: 5411693771019

Oil Treatment for Diesel Engines

- Use this product for preventative treatment and protection. For worn engine use Super Charge® Oil Treatment for petrol and diesel engines.
- Reduces cylinder bore polish.
- Prolongs engine oil life.
- Keeps the engine and turbocharger clean.
- Protects against rust and corrosion.
- Extends the life of engine and turbocharger.
- Especially recommended for turbo-diesels.

300 ml

Part number: 53346
Barcode: 5411693533464

Engine Flush

- Stops contamination of new engine oil.
- Cleans engine internally.
- Removes harmful deposits.
- Provides friction proofing during treatment.
- Quietens noisy hydraulic lifters.
- Frees sticking internal engine components.

425 ml

Part number: 51265
Barcode: 5411693512650

Stop Smoke

- Reduces exhaust smoke from burning oil.
- Improves compression and performance.
- Restores lost power (particularly in vehicles with high mileage and worn engines).
- Maintains cleanliness of the engine oil.
- Reduces engine noise.

325 ml

Part number: 50864
Barcode: 5411693508646

Engine Stop Leak

- Many oil leaks result from drying out and shrinking of engine seals.
- Stops and prevents engine oil leaks.
- Revitalises rubber and neoprene seals and O-rings.
- Lubricates and maintains engine seals.

325 ml

Part number: 50664
Barcode: 5411693506642

Transmission treatments

Vehicle transmissions are often neglected, over time transmission fluids can degrade and loss of efficiency of the transmission may occur. Wynn's transmission treatments are developed to prevent and cure problems, whilst maximising the efficiency of your Transmission.

Dual Action Engine Stop Leak

- A special blend of chemicals formulated to stop engine oil leaks and drips, and to reduce oil burning in worn engines.
- Stops oil leaks and drips.
- Revitalises rubber and neoprene seals and O-rings.
- Improves oil performance at high temperatures.
- Reduces oil burning.

325 ml

Part number: 74964
Barcode: 5411693749643

Gear Oil Treatment/Stop Leak

- A High Performance Lubricant Supplement (H.P.L.S) for manual gearboxes.
- Reduces friction and wear.
- Prevents and reduces leaks.
- Smooths gear changes.
- Retards oil oxidation.
- Revitalises rubber seals and O-rings.
- Can also be used in front wheel drives, differentials and rear axles.
- Gear Oil Treatment is also an ideal assembly lubricant for use when rebuilding mechanical components.

125 ml

Part number: 59402
Barcode: 5411693594029

Hydraulic Valve Lifter Treatment

- Quietens noisy hydraulic valve lifters.
- Restores efficient working of hydraulic valve lifters.
- Lubricates and releases sticking valves.
- Reduces valve train noise.
- Restores lost power.

325 ml

Part number: 76864
Barcode: 5411693768644

Power Steering Stop Leak

- Stops fluid leaks caused by dry or shrunken neoprene and rubber seals.
- Revitalises rubber seals and O-rings.
- Smooths and quietens power steering operation.
- Prevents oxidation of power steering fluid.
- Can be added to all conventional power steering oils meeting Dexron II, Dexron III, Dexron VI, Ford, Citroën, LHM, power steering oil G 002 000 for VW-Audi-Seat-Skoda-BMW-Porsche-Mercedes-Saab-Volvo or equivalent specifications. Cannot be added to Citroën LHS oil. (Ford and GM trademarks acknowledged).

125 ml

Part number: 64502
Barcode: 5411693645020

Automatic Transmission Treatment

- Stops fluid leaks caused by shrunken or dry neoprene and rubber seals.
- Revitalises the transmission fluid.
- Helps smooth shifting.
- Reduces transmission whine and noise.
- Compatible with ATF fluids meeting Ford and Dexron (Ford & GM trademarks acknowledged) specifications or equivalent.

325 ml

Part number: 64559
Barcode: 5411693645594

325 ml

Part number: 64559S
Barcode: 5411693645594

Power steering fluids

Power Steering systems don't require much maintenance, just the odd top up. If you have to top up your power steering then you probably have a small leak and we recommend Wynn's power Steering Stop Leak.

Central Hydraulic Fluid CHF11S

- A synthetic hydraulic fluid that is suitable for many central hydraulic, power steering and suspension level control systems, plus a wide range of other hydrostatic applications on many makes of vehicle.
- Suitable for VW Audi Group, BMW, Vauxhall, Peugeot, Porsche, Mercedes, New Mini, Saab, Volvo, when Central Hydraulic Fluid is required.

ALWAYS FOLLOW VEHICLE MANUFACTURER'S RECOMMENDATIONS BEFORE ADDING CENTRAL HYDRAULIC FLUID.

1 L
Part number: 189869
Barcode: 5411693189869

Cooling system treatments

Cooling system problems, such as leaks and insufficient cooling due to fouling of the system are the primary cause of vehicle break down. To prevent these problems Wynn's recommends radiator treatments.

Radiator Stop Leak

- Stops and prevents leakages in the radiator, cooling and heating system.
- Stops head gasket leaks.
- Will not harm rubber hoses, gaskets or other system components.
- Is compatible with all antifreezes and coolants, also with OAT coolants (Organic Acid Technology).
- Formulated to avoid clogging of radiator waterways and temperature sensors.
- Enhanced protection against rust and corrosion.

325 ml
Part number: 55864
Barcode: 5411693558641

Power Steering Top-Up

With Added Seal Conditioners

- Conditions rubber seals.
- Helps stop and prevent leaks.
- Protects against wear and oxidation.
- Universal Formula exceeds;
 - Ford M2C 33G
 - Dexron IID & R.
- Compatible with Mercon & all Dexron fluids (Ford and GM trademarks acknowledged).

ALWAYS FOLLOW VEHICLE MANUFACTURER'S RECOMMENDATIONS BEFORE ADDING POWER STEERING FLUID.

1 L
Part number: 189890
Barcode: 5411693189890

Radiator Flush

- Powerful acid free radiator cleaner.
- Dual action:
 1. Removes scale.
 2. Eliminates rust, deposits and oily residues.
- Excellent performance in all types of cooling liquid, including OAT coolant.
- Keeps dirt and particulates in suspension whilst cleaning.
- Safe for rubber hoses, seals and all metals in the cooling system.
- Extremely effective in all closed-circuit cooling systems.
- Restores the optimal operation of the controls within the cooling system

325 ml
Part number: 56064
Barcode: 5411693560644

Power Steering Stop Leak

- Stops fluid leaks caused by dry or shrunken neoprene and rubber seals.
- Revitalises rubber seals and O-rings.
- Smoothes and quietens power steering operation.
- Prevents oxidation of power steering fluid.
- Can be added to all conventional power steering oils meeting Dexron II, Dexron III, Dexron VI, Ford, Citroën, LHM, power steering oil G 002 000 for VW-Audi-Seat-Skoda-BMW-Porsche-Mercedes-Saab-Volvo or equivalent specifications. Cannot be added to Citroën LHS oil. (Ford and GM trademarks acknowledged).

125 ml
Part number: 64502
Barcode: 5411693645020

Cylinder Block Seal

- Repairs cracks in the cylinder block without dismantling.
- Forms a glass-hard layer in contact with air.
- Repairs cracks in cylinder blocks made from cast iron, steel or aluminium.
- Permanent repair in 30 minutes.
- Resists high pressures, water pressure and vibrations
- ADD TO COOLING SYSTEM. Read instructions before use.

325 ml
Part number: 72250
Barcode: 5411693722509

Valeting products

We realize that you love your car. That's why Wynn's offers you a range of car care products that will give you the very best results. Wynn's will help you clean, shine & protect your car with high quality products.

Cockpit Shine Orange

- Restores and freshens dashboards and interior fittings in cars, vans, trucks and boats.
- Protects against cracking.
- Anti-static prevents build up of dust.
- Fresh, pleasant orange fragrance.
- Use on exterior plastic & rubber trim.

Top Tip: Apply (using a cloth) to clean alloy wheels to prevent brake dust build up and make future cleaning simple.

600 ml

Part number: 10979
Barcode: 5411693109799

Cockpit Shine Cherry

- Restores and freshens dashboards and interior fittings in cars, vans, trucks and boats.
- Protects against cracking.
- Anti-static prevents build up of dust.
- Fresh, pleasant cherry fragrance.
- Use on exterior plastic & rubber trim.

Top Tip: Apply (using a cloth) to clean alloy wheels to prevent brake dust build up and make future cleaning simple.

600 ml

Part number: 11079
Barcode: 5411693110795

Cockpit Shine Vanilla

- Restores and freshens dashboards and interior fittings in cars, vans, trucks and boats.
- Protects against cracking.
- Anti-static prevents build up of dust.
- Fresh, pleasant vanilla fragrance.
- Use on exterior plastic & rubber trim.

Top Tip: Apply (using a cloth) to clean alloy wheels to prevent brake dust build up and make future cleaning simple.

600 ml

Part number: 11179
Barcode: 5411693111792

Cockpit Matt Lemon (Silicone Free)

- Cleans and restores the original matt finish to all colours of dashboard and trim.
- Use when you don't want a shiny reflection on your dashboard.
- Anti-static prevents build up of dust.
- Fresh, pleasant Lemon fragrance.
- Ideal around the home e.g. for computer screens.
- Does not contain silicone.

600 ml

Part number: 11279
Barcode: 5411693112799

Glass Cleaner Lemon

- Removes insects, dirt, greasy deposits and road film from windscreens, headlamps, mirrors, and body glass. Also removes nicotine residues and dirt from interior glass and mirrors.
- Use in cars, lorries, caravans and boats.
- Non-streak formula.
- Does not contain silicone.
- Lemon fragrance.

Top Tip: Use all around the home to clean windows, mirrors, tiles, PC monitors and TV Screens.

600 ml

Part number: 11479
Barcode: 5411693114793

Hi-foam Upholstery Cleaner Apple

- Removes stubborn stains, cleans and freshens tired fabric upholstery, trim, and carpets.
- Use around the car, caravan, boat or home.
- Ideal for removing greasy stubborn stains on carpets and mats.
- Excellent for removing dirt and stains on curtains and soft furnishings. Please test on a small hidden area first.
- Apple fragrance.

600 ml

Part number: 11579
Barcode: 5411693115790

Bumper & Trim Shine

- Restores original lustre and shine to all types of plastic, vinyl, and rubber whatever their colour.
- Perfect for plastic bumpers, mouldings, radiator grills, door mirror casings, spoilers and other rubber, vinyl and plastic trim.
- Helps protect against the weather and repels dirt and grime to keep your car's trim cleaner for longer.
- Contains a high silicone content!

Top Tips: Try it on brief cases, shoes (not the soles) for a quick shine and on plastic garden furniture to help protect against the effects of weathering.

600 ml

Part number: 11679
Barcode: 5411693116797

Hi-Foam Tyre Clean'n'Sheen

- The foaming action floats off dirt and grime leaving a lustrous black sheen.
- No need for hard rubbing or buffing, wiping or rinsing, simply spray on and leave.
- The high application quickly covers the surface leaving a long-lasting finish that will protect the tyre walls against cracking and fading.
- Perfect for adding the finishing touch to classic cars or bikes.
- Can be used on any rubber surface where a gloss finish is desired.
- Contains silicone.

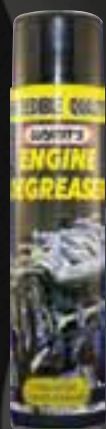

600 ml

Part number: 11779
Barcode: 5411693117794

Maintenance & repair products

Easy to use and high quality cleaning and lubrication products that meet today's market demands.

Engine Degreaser

- Lifts oil, grease, dirt and grime from engines and components.
- Fast action formula with a vertical jet nozzle makes the job of under the bonnet spring-cleaning easy.
- Use to clean and degrease lawn mowers and other garden equipment.
- Can be used to remove tar from under-bodies, chassis and sub frames.
- Will not harm paintwork and is water washable.

Top Tip: Use to remove stubborn tar marks from car paintwork.

600 ml

Part number: 11879
Barcode: 5411693118791

Airco-Fresh®

- Cleans and disinfects the air-conditioning system.
- Eliminates microbes, fungi and bacteria.
- Eliminates musty and unpleasant smells.
- Eliminates "sick car syndrome"; sneezing, colds, coughing, runny eyes and sore throats.
- Leaves a clean, fresh, pleasant fragrance.
- Enough for two treatments

250 ml

Part number: 30202
Barcode: 5411693302022

Fast Action Wheel Cleaner

- Removes baked-on brake dust, road dirt, grease and traffic film from car, truck and motor cycle wheels.
- Will not stain or harm wheel coatings, tyres or brake parts.
- Safe to use on lacquered alloy wheels, steel and plastic wheel trims. (See detailed instructions on label).

Top Tip: When alloy wheels are clean and dry, use a soft cloth to apply Wynn's Cockpit Shine to your wheels to help repel brake dust.

1 l

Part number: 41302
Barcode: 5411693413025

De-Icer

- Fast acting effective de-icer which quickly removes frost & ice from windscreens, windows, headlights and mirrors.
- Provides clear visibility and streak free windows.
- Does not contain methanol.
- Economical and environmentally friendly trigger pack.

500 ml

Part number: 32514
Barcode: 5411693325144

Clean-Air Mint

- Molecular odour remover.
- Does not mask odours but removes them.
- Neutralizes a wide range of smells.
- Leaves a long lasting pleasant clean, fresh, mint fragrance.

Spray the freshness back

100 ml

Part number: 29601
Barcode: 5411693296017

Tyre Fix

- An emergency repair for a puncture without removing the wheel.
- Seals the puncture and inflates the tyre to enable moderate driving.
- Suitable for cars, motorcycles, caravans and trailers, tubeless tyres or tyres with inner tubes.

300 ml

Part number: 43001
Barcode: 5411693430015

Starting Fluid

- Eases petrol and diesel engine starting at cold temperatures.
- Helps instant engine starting.
- Prevents battery fatigue

200 ml

Part number: 58055
Barcode: 5411693580550

Clear Lube

- A tenaciously adherent, PTFE-enhanced, clear lubricant.
- Dries quickly for high fling-resistance.
- Strongly adherent.
- Suitable for chains, including those with O-rings.
- Lubricates cables and mechanical parts.

500 ml

Part number: 10179
Barcode: 5411693101793

GT85 aerosol

- GT85 with PTFE is a powerful non-sticky lubricant which is tested and approved by the Ministry of Defence with BS5750 and NATO accreditation.
- Powerful yet safe lubricant spray for virtually all engineering, sports, machinery and transportation uses. Use it around the workshop, home and garden.
- GT85's heritage lies in motor racing, motorcycles and cycling where it is particularly effective for gear transmission and chains.
- Use on metals, plastics, wood, vinyl, chrome and paintwork.
- GT85 lubricates, frees seized parts, protects from rust and corrosion, repels moisture and cleans and dissolves grease, tar, gum and adhesives.

400 ml

Part number: GT85
Barcode: 5022101085859

Copper Grease

- A specialised high temperature lubricant and anti-seize compound.
- Prevents seizure from heat or corrosion.
- Reduces disc brake squeal.
- Protects mechanical components against corrosion, heat and water.
- Withstands temperatures up to 1100°C.
- Eases future dismantling.

500 ml

Part number: 10279
Barcode: 5411693102790

Winter Screen Wash

- Super concentrated formula.
- Cleans windscreens and headlights.
- Protects the screenwash system from freezing down to a temperature of -70°C.
- Non smear formula will not cause reflections on the windows.

250 ml

Part number: 45101
Barcode: 5411693451010

Multi Lube

- A high quality versatile lubricating, cleaning and penetrating lubricant.
- Contains PTFE to free seized parts and add protection against rust and corrosion.
- Cleans and lubricates.
- Dissolves grease, tar, gum and adhesives.
- Repels moisture.
- Maintains insulating properties.

500 ml

Part number: 10379
Barcode: 5411693103797

Anti-Insect Screen Wash

- Removes insects, greasy deposits, road film and dirt from the windscreen and headlights.
- Does not attack paint or rubber, or leave white residual marks on the bodywork.

250 ml

Part number: 45201
Barcode: 5411693452017

Silicone Lube

- A dry invisible silicone lubricant that reduces friction between surfaces.
- Lubricates plastic, wood, rubber and metal.
- Prevents jamming and freezing of sliding doors and windows.
- Lubricates all sliding surfaces requiring a clean invisible lubrication.
- Waterproofs and protects.
- Oil and grease free.

500 ml

Part number: 10479
Barcode: 5411693104794

White Grease

- A highly visible, clean, strongly adherent lubricant with PTFE.
- Highly recommended for vehicle servicing.
- Use on, hinges, locks, striker plates, seat tracks, cables, linkages and more.
- Durable and highly water resistant.
- Long lasting.
- Especially suitable for outdoor applications.

500 ml
Part number: 10579
Barcode: 5411693105791

Super Glue with Activator

- Industrial strength cyanoacrylate adhesive with activator for instant bonding.
- Ideal for bonding plastics, glass, metal, fabric rubber & more.

20 g / 20 ml
Part number: B90088
Barcode: 5411693900884

Electrical Contact Cleaner

- An alcohol based electrical component and contact cleaner.
- Cleans and degreases.
- Leaves no residue.
- Quick drying.
- Removes grease, dust and surface contaminants.
- Suitable for cleaning CDs, DVDs, switches, circuit boards and electrical components.
- Safe for ECU's.

500 ml
Part number: 10679
Barcode: 5411693106798

Silicone Lubricant

- High quality trade formulation.
- Provides dry lubrication.
- Reduces static electricity.
- Lubricates plastic, wood, rubber and metal, and combinations of materials.
- Water and moisture repellent.

500 ml
Part number: 52579
Barcode: 5411693525797

Battery Terminal Grease

with acid leak indicator

- Prevent corrosion of the battery terminals and connections.
- Prevent acid damage from leaks.
- Prevent voltage drops and power losses.
- Reduce resistance of the connection increasing starting power.
- Extend battery life.
- Reduce battery maintenance.

500 ml
Part number: 10779
Barcode: 5411693107795

Super Rust Penetrant

- High quality trade formulation.
- Quickly frees locked, rusted or corroded parts.
- Lubricates and cleans precision parts and devices.
- Repels water and moisture.
- Stops squeaking and creaking.
- Prevents short circuits in electrical systems.

500 ml
Part number: 56479
Barcode: 5411693564796

Gasket Maker

Red or black

- Premium Grade RTV Silicone.
- Replaces all types of pre cut gaskets & seals (except head gasket).
- Resists oil, transmission fluid, anti freeze and water.
- Withstands temperatures to 260°C intermittent, 232°C continuous.
- Does not harm oxygen sensors or catalytic convertors.
- Also suitable for light fittings, bodywork, wiring grommets, window seals and other applications requiring a tough, flexible, waterproof bond or seal.

200 ml
Part number: 10807 (red)
Barcode: 5411693108075

200 ml
Part number: 57680 (black)
Barcode: 5411693576805

Chain Lube

- High quality trade formulation.
- Strongly adhesive water repellent lubricant with high penetrating properties.
- Retards friction and wear.
- Resists mud, cold, hot and salt water.
- Does not conduct electricity.

500 ml
Part number: 66479
Barcode: 5411693664793

Viscotene

- High quality trade formulation.
- Exceptionally adhesive to surfaces.
- Reduces and dampens noise from mechanisms.
- Resists steam washout, solvents, high temperatures and acids.
- Compensates for variations in clearance & pressure.

500 ml

Part number: 80179
Barcode: 5411693801792

Hand cleaners

After getting your hands dirty you need a hand cleaner that is kind to your skin, but will do the job. Our hand cleaner was developed specifically for professional automotive technicians to help reduce the symptoms of dry, cracked skin while quickly and gently deep cleaning the toughest dirt.

Refillable Aerosol

- Uses compressed air from the workshop air line as the propellant.
- Can be used to dispense brake cleaner and other low viscosity non-corrosive fluids.
- Repair kit available.

Aerosol
Part number: 01000

Repair kit
Part number: 01000K

Fast Orange Pump

- Cleans with d-limonene, a natural solvent extracted from oranges.
- Gently cleans and exfoliates the skin with ultra fine pumice.
- Use with or without water.
- Contains premium skin conditioners.

3.78 l

Part number: F89011
Barcode: 8622689011

Brake Cleaner

- Removes oil, brake fluid, grease and dirt from metal components.
- Restores brake and clutch lining material.
- Protects against harmful airborne brake dust.
- Quick drying, leaves no residue.
- Cleans and degreases.

5 l

Part number: 11196
Barcode: 5411693614966

500 ml

Part number: 61479
Barcode: 5411693614798

150ml

Part number: 61480
Barcode: 5411693614801

Air Intake & Carburettor Cleaner

- Dissolves gum, varnish and deposits in the carburettor and fuel injection air intake system without having to dismantle.
- Also cleans the throttle valve.

500 ml

Part number: 54179
Barcode: 5411693541797

Quick Product Selector

Problem	Solution	Part number
■ Oil and Transmission Problems ■		
Dirty or contaminated oil system. Sticking piston rings or lifters	Engine Flush	51265
Engine oil leaks	Engine Oil Stop Leak	50664
High mileage, worn, noisy, oil burning, smoky engines	Super Charge®	51335/51364
Reduce internal engine friction, reduce sludge build up & prolong oil life	Formula Gold Engine Treatment	77101
Noisy lifters, top end rattle	Hydraulic Valve Lifter Treatment	76864
Gearbox problems - noisy, oil leaks, rough changes	Gear Oil Treatment + Stop leak	59402
Automatic transmission problems, poor changing, leaks, etc.	Automatic Trans Treatment	64559
Power steering problems—noises, leaks, stiffness (any fluid)	Power Steering Stop Leak	64502
■ Cooling System Problems ■		
Radiator, heater matrix, cooling system, head gasket leaks	Radiator Stop Leak	55864
Dirty or inefficient cooling/heating system	Radiator Flush	56064
Cracked cylinder head or engine block	Cylinder Block Seal	72250
■ Diesel Problems ■		
Diesel fuel system/injector clean/keep clean	Diesel Injector Cleaner	51668
High diesel emissions, smoke, MOT failure	Clean Burn for Diesel	67969
Powerful one tank diesel fuel system & injector clean up. Diesel particulate filter clean up. Remove soot deposits.	Formula Gold Diesel Treatment	76401
Up-grade low quality fuel—increase cetane number	Supremium for Diesel	22911
Bacteria in fuel system or storage tanks	Fuel Biocide	10601
Cold weather diesel fuel crystallising	Ice Proof for Diesel	22710
Blocked Diesel Particulate Filter	Diesel Particulate Filter Cleaner	28272
■ Petrol Problems ■		
Petrol fuel system/injector clean/keep clean	Petrol Injector Cleaner	55964
Powerful one tank petrol fuel system & injector clean up	Formula Gold Petrol Treatment	70701
Emission reduction/remove rotten egg smell from exhaust	Clean Burn for Petrol	67264
Valve seat protection for unleaded fuel	Lead Substitute and Fuel Stabilizer	70612
Upgrade low quality fuel	Supremium® for Petrol	22811
Carburettor and injection intake cleaning	Air Intake & Carburettor Cleaner	54179
■ Petrol / Diesel Problems ■		
Remove water in fuel tanks	Dry Fuel™	71867
Laying up or winterising engines (prevents fuel degradation)	Fuel Stabilizer	47355
■ Others ■		
Replacement gaskets & seals (not head gasket)	Gasket Maker	57680/10807
Smelly air con	Airco-Fresh®	30202
